DISCOVER THE BMW 2 SERIES GRAN COUPÉ

Not a typical coupé but rather an incredible experience: the first-ever BMW 2 Series Gran Coupé introduces a new form of authority with a bold character to the compact class. It is above all the uncompromising, performance-oriented aesthetic that unmistakably reveals its ambitions. Not elegant but extravagant. Not conventional but individual. Not ordinary – but extraordinary. In keeping with high- end technologies and perfectly tuned driving dynamics features, the BMW 2 Series Gran Coupé stands out from the crowd with ease and pursues its very own path.

THE 2 SERIES COUPÉ HIGHLIGHTS

EYECATCHING EXTERIOR.

The BMW 2 Series Gran Coupé has come to set new standards. From the distinctive front via the frameless doors, along the slightly sloping roof line, to the sporty rear with LED tail lights – elegance meets extravagance.

SPORTIER COCKPIT.

With illuminated interior trim finishers and sport seats, the driver-oriented cockpit creates an ambience that is exclusive and dynamic in equal measures.

AGILE POWER DELIVERY.

The powerful and highly efficient BMW TwinPower Turbo petrol engines, its sets itself apart from the crowd with ease and delivers outstanding self-assuredness on every route.

DRIVING DYNAMICS.

Dynamic equipment such as the Adaptive suspension, the double-clutch transmission and xDrive all-wheel drive, the BMW 2 Series Gran Coupé assumes a leading role in its segment in matters of agility.

ADAPTIVE LED HEADLIGHTS.

The boldly designed Adaptive LED headlights feature a single light tube in each lamp which really stand the car out from the range whilst giving drivers improved visibility without dazzling oncoming vehicles.

THE BMW CONNECTED DRIVE

DIGITAL KEY

Why put your key in the ignition if you have your Android smartphone with you? The Digital Key3, 4, 5 allows you to lock and unlock your BMW and even start the engine without needing a physical key. It can be downloaded to your Android smartphone using the My BMW App and shared with family and friends. The term is one year.

CONNECTED NAVIGATION

Trying to find a parking space close to your destination? This is an easy task with Parking Space Assistant. It suggests vacant spaces in large parking facilities or on the street and based on your selection, finds the best route for you with the highest likelihood of an available space. You can also pay for parking cash-free using PARK NOW. The term is three years.

CONNECTED PACKAGE PROFESSIONAL

Concierge Service, Remote Services, Real Time Traffic Information, Apple CarPlay® preparation or perhaps In-Car Experiences? Why order individual options when you can have everything together? With the Connected Package Professional, you can enjoy these services from BMW ConnectedDrive.

DRIVING ASSISTANT

Driving Assistant Professional offers optimum comfort and maximum safety during lots of critical or monotonous driving situation with Steering and lane control assistant incl. support in narrow places, Emergency Stop Assistant, local hazard warning, Lane Keeping Assistant with active side collision protection and other safety functions.

THE BMW LIVE COCKPIT

The brand new infotainment, navigation and multimedia system (BMW Operating 7.0) provides cutting edge innovations as standard. Incorporating new generations of professional multimedia, BMW Live Cockpit Professional features touch-capable, high resolution control display, fully digital instrument panel and includes the ConnectedDrive digital services

THE INTELLIGENT
ALL-WHEEL DRIVE SYSTEM
FROM BMW

BMW xDRIVE

Weather changes and road situations can change in a flash, whatever the season. But with xDrive, BMW's intelligent all-wheel drive system, your car will respond quickly to allow you to enjoy maximum driving pleasure, even on the most difficult road surfaces. 4WD, all-wheel drive and 4x4 are all terms that are used interchangeably, but all equate to the same thing. BMW xDrive is powered by an extra layer of intelligence, making it one of the most technically advanced all-wheel drive systems in the segment.

The xDrive system is automatically enabled each time the engine is started, so it is permanently engaged to ensure you have maximum grip in all conditions. Therefore, it is not necessary or possible to activate or deactivate the system.

MY BMW APP

STAY IN THE DRIVER'S SEAT,
WHEREVER YOU ARE.

Connect your vehicle to your life. The My BMW App keeps you at the wheel with total control of your BMW, whether you're in your vehicle or not.

- **Remote control**
Lock and unlock your BMW from wherever you are.
- **Location location location**
Access your car's location remotely and send locations to your car's GPS, so you're always ready for the journey.
- **Driving conditions**
Set the temperature of your car remotely for the perfect climate the moment you open the door.
- **Great service**
Let your BMW tell you when it's time for a service, then schedule it with just a touch.
- **It's personal**
It's MyBMW, after all. Enter your BMW's colour palette, and the app design follows suit.

App Store

SUSTAINABILITY AT BMW

ACTIONS AND TECHNOLOGIES THAT HAVE A REAL EFFECT.

No competitor comes close to matching the comprehensive and diverse BMW Group portfolio of electrified models (fully electric BEV, partly electric PHEV), with half a million such vehicles delivered to customers to date.

- In co-operation with ChargeNet, BMW i customers in New Zealand can access the ChargeNow 'electric highway' - 100 fast-charging stations from Kaitaia to Invercargil.
- BMW Group considers sustainability a fundamental aspect of its past, present and future corporate strategy.
- Decades-long history of action to protect the climate and significantly reduce fuel consumption.
- Focus on further electrification of the product roster as the key measure for lowering CO2 emissions.
- Largest range of plug-in hybrids as the most versatile form of electrification.
- Greatest benefit of plug-in hybrids: enabling both customary range and driving without generating local emissions.
- Fully electric BMW i3 is uniquely sustainable, with sales figures still rising six years after launch.
- By 2023: 25 models with electrified powertrains, half of them pure battery electric vehicles.
- Numerous awards for eco-conscious design covering the entire product lifecycle.

MEET THE ELECTRIFIED BMW FAMILY

For an electric vehicle it is not only important to consider how fast and safely it travels, but also how far it will take you. In this consideration, the range of an electric vehicle also depends on factors such as the speed, driving style and outside temperature as well as the use of the air conditioning or seat heating. These are factors that we cannot calculate. But all the others we can. Here you can find out all about the ranges of our electric cars and plug-in hybrid vehicles.

THE EQUIPMENT

STANDARD EQUIPMENT

218i M SPORT

ENGINE, POWERTRAIN AND TECHNOLOGY

- 7-Speed Steptronic automatic transmission with
- double clutch
